TWENTY-SIX YEARS IN THE GTA

Since 2000, Ecowoods has been the hardwood shop Toronto homeowners call when the floor has to be right the first time. We are Ecowoods Hardwood Flooring Inc. — one company, salaried craftsmen, no revolving subcontractors.

The number on the page is the number on the invoice. HEPA-sealed extraction runs at the machine and a sealed barrier is built at the room, which is why most clients sleep at home every night of a refinish.

We install solid and engineered hardwood — straight-lay, herringbone, chevron and custom inlays — and we refinish the floors already in the house. Stairs are matched to the field they meet. Manufacturer warranties of 25–35 years on finish and up to 50 years structural are passed through in writing.

Showroom: 32 Norfield Crescent, Toronto. Free in-home measure across the GTA.

ONE SHOP. SIX SERVICES.

Hardwood installation

Solid and engineered, laid by salaried craftsmen. Straight-lay, herringbone, chevron, custom patterns. \$11.00–\$18.00 / sq ft.

Full sand & finish

Back to bare wood. Re-stain if the colour is changing. Factory-fresh surface. \$4.75–\$7.50 / sq ft.

Screen & recoat

Light abrasion and a fresh topcoat. No colour change. For worn but sound finish. \$2.50–\$4.00 / sq ft.

Dust-free sanding

HEPA extraction at the tool, sealed collector, barrier at the opening. Most clients stay in the house.

Stairs & railings

Quoted per tread, not per square foot. Stain mixed on site against the finished floor. Nosings, returns, newels.

Custom inlays & borders

Feature strips, medallions and borders routed and fitted by hand for a signature floor.

WHAT THE MARKET NEVER WRITES DOWN

Fixed price in writing

After a free in-home measure and moisture readings. It does not move afterwards.

Salaried crews only

No subcontractors. Many of the same craftsmen have been on the tools for a decade.

HEPA as a system

Extraction at the machine and containment at the room — not a shop-vac on a sander.

The house specifies the floor

Substrate decides method. Climate decides solid or engineered. Budget does not.

Warranties on paper

Manufacturer finish 25–35 years. Structural up to 50. Workmanship lifetime, in the contract.

Published standards

The Well-Installed Framework: 6 pillars, 27 criteria. Read it at ecowoods.ca/framework.

SPECIES WE SPECIFY IN THE GTA

Hardness numbers trace to USDA Forest Products Laboratory Wood Handbook Table 5-3b (FPL-GTR-190) — side hardness at 12% moisture, the modified Janka test. Appearance grades do not change strength.

White oak

JANKA 1,360

The GTA default. Closed grain takes stain evenly.

Red oak

JANKA 1,290

Open grain, classic strip and plank.

Hard maple

JANKA 1,450

Tight, pale, takes a stain with discipline.

Black walnut

JANKA 1,010

Wide plank and chevron. Chocolate to silver.

Hickory

JANKA 1,880

The hardest common domestic. Wide character.

White ash

JANKA 1,320

Open, lively grain. Strong underfoot.

ECOWOODS

HARDWOOD FLOORING INC.

Toronto's master hardwood flooring artisans. One shop, one written price, one crew that will still answer the phone in ten years.
